Capitol Aggregates, Inc. Hydraulic Cement LEED Statement

Capitol Aggregates, Inc.'s Portland and ECO-MENT® cements are produced at our cement plant located at 11551 Nacogdoches Road, San Antonio, Texas. All major raw materials used in manufacturing are sourced locally, either on-site or within a 50-mile radius of the plant. Natural gypsum and iron slag are the only raw materials obtained outside a 50-mile radius and represent approximately 5-7% and 0-2% of the cement's total weight.

Capitol Aggregates, Inc.'s ECO-MENT® cements meet **ASTM C595/C595M** requirements for blended hydraulic cement, while its Type I and Type III Portland cements comply with **ASTM C150** specifications.

Name	ASTM Designation	Description
ECO-MENT Endure®	C595/595M Type IP (25) (HS)	Contains 25% Class-F Coal Ash
ECO-MENT Spec®	C595/595M Type IL (10) & (15)	Contains 10% & 15% Limestone
ECO-MENT® DuroPozz®	C595/C595M Type IT (P15) (P15) (HS)	Contains 15% Natural Pozzolan and 15% Class-F Coal Ash

Capitol ECO-MENT® also contributes to LEED® certification through the incorporation of post-industrial recycled materials in its composition, with additional LEED consideration available under the Regional Manufactured Materials credit. The recycled material content utilized in all Capitol Cement Products is listed below:

Product	Material	Content (Percent by Weight)
Capitol Type I and Type III	Synthetic Gypsum	0-7%
	Coal Bottom Ash	0-5%
	Iron Slag	0-3%
ECO-MENT Endure® Type IP (25) (HS)	Synthetic Gypsum	0-7%
	Coal Bottom Ash	0-3%
	Class-F Coal Ash	20-30%
	Iron Slag	0-3%
ECO-MENT Spec® Type IL (10) & (15)	Synthetic Gypsum	0-7%
	Coal Bottom Ash	0-4%
	Iron Slag	0-3%
ECO-MENT® DuroPozz® Type IT (P15) (P15) (HS)	Synthetic Gypsum	0-7%
	Coal Bottom Ash	0-3%
	Natural Pozzolan	10-15%
	Class-F Coal Ash	10-15%
	Iron Slag	0-3%

The color value of Capitol Cement's products ranges from 55-63 on the Hunter L, a, b scale.

Capitol Cement qualifies for full LEED® credit due to the availability of an individual Environmental Product Declaration (EPD). The EPD is available upon request.
